at the entrance of the church.

Ministries

Building Project Update

Laundry area has been completed and a new washer and dryer have been installed and are being used by the parish.

Excavation of the construction area was completed and the additional site preparation work was completed. This allowed the concrete pad to be poured.

The firewalls for the new construction area are the next item to be completed. Some drains from the main church roof will be rerouted as they used to drain where the new construction is occurring.

The sidewalk along the main entrance of the Church (west side) remains closed to facilitate the construction of the new building.

Update provided by,

Kevin Sliva
Building and Grounds Representative
