As we begin an new month, I have been reflecting on the beauty of creation. The summer months always bring joy to our lives. There are so many things to be grateful for and awed by. I know we have had so much wind, but even that wind strikes awe when we see the waves on the river, the clouds moving in the sky and grain dancing in the fields. God created everything and everything has beauty within it. We are entrusted with his creation and must never forget our roles as stewards of creation. May you have a beautiful month of June and may you find some time to sit in nature and be in awe of the many gifts of our Father.
